

Broom Leys Primary School

PE

Intent

Children will leave Broom Leys as physically active individuals who make positive and healthy lifestyle choices. Pupils will have become confident communicators, resilient competitors and will have built strategies which enable them to work effectively as part of a team. Our young leaders will strive to enhance their abilities further by taking part in extracurricular activities in the local community. At Broom Leys, we strive to create a culture which aims to inspire an active generation to enjoy PE, encourage each other and achieve their potential. We provide a safe and supportive environment for children to flourish in a range of different physical activities which is essential in supporting their physical, emotional, spiritual, social and moral development. Children with additional needs are provided with appropriate support to enable them to take part and gain confidence in skills, understanding and motivation. We teach the National Curriculum, supported by a clear skills and knowledge progression. This ensures that skills and knowledge are built on year by year and sequenced appropriately to maximise learning for all children.

At Broom Leys, our PE curriculum is structured to provide a range of sports experiences during which every child participates to develop their skills and learning through competitive, team and individual sports. Children will participate in two hours of timetabled PE lessons per week. One of these sessions will be led by the class teacher with the support of the multi-sports coach and the other session being led by the class teacher. Each class will be timetabled an hour session in the hall and an hour session in the ball court. Within our school, we have access to the playground and to the field which teachers can choose to use at their own discretion for their PE lessons. Within each sequence, the children will focus on a 'Cultural Capital' which will allow them to develop a greater understanding of significant athletes.

The PE skill progression overview will ensure that clear progression of skills is taught within each year group. The sequencing of lessons will be progressive throughout the year, ensuring all of the key skills aims of the National Curriculum are met from EYFS to Year 6. At the end of each focus area, year groups will participate in a 'Showcase event', demonstrating the children's progress throughout the year group in a fun and interactive manner. Teacher discretion will allow teachers to cover these sports and skills throughout the academic year in a sequence, which works effectively for their year group, ensuring the PE coordinator and multi-sports coach have been consulted. We aspire to enable the children to become physically active individuals who make healthy lifestyle choices.

Implementation

At Broom Leys, teachers constantly strive to create positive working environments for children, which reinforces the high expectation that all children have the capacity to achieve well and strive to become physically active individuals who makes healthy lifestyle choices.

PE units have been carefully planned to ensure progression of skills for all children throughout their time at Broom Leys. Each year group will build upon the skills and knowledge gained from prior year groups, therefore developing depth of understanding and a progression of skills that will then become embedded in their long-term memory. Our curriculum has been designed to ensure that all children are able to experience a broad range of sports and sporting experiences, such as attending professional sporting events and participating in varying inclusive sports.

As part of our curriculum, a 'Showcase event' will be planned by each year group to exhibit their children's skills. It will be at teacher's discretion whether the 'Showcase event' will focus on one of the focus areas of learning or both which will be shared with the PE coordinator and multi-sports coach with its rationale. The first 'Showcase event' for all year groups will be sports day, which is planned to take place in Autumn 1 before the October break.

Alongside these disciplines, children in Year 5, will also have the opportunity to participate in swimming lessons additionally to the two hours of timetabled PE each week. With the opportunity of residential visits, Year 4 and Year 6 have a greater opportunity to focus on Outdoor and Adventurous Activities. For children that do not attend these visits, there will be a timetabled programme to ensure these children to access this too.

We will ensure our PE offer is adapted to meet the diverse needs of our pupils by co-creating our offer with our children. Children in Year 5 and Year 6 will have the opportunity to become a member of the sports committee. These children will become play coaches at lunchtimes with the chance to train as primary ambassadors. As part of their roles, the children will have a first-hand say on the sports offered at lunchtimes, before and after-school provisions, as well as inter and intra-school competitions.

Our staff will develop their teaching skills by attending CPD events to ensure skills are progressed in each unit of work. Alongside this, the use of external coaches will be carefully considered to coincide with a year groups focus area. Furthermore, Broom Leys will work alongside the North West Leicestershire School Sports Partnership to provide the children with a range of festivals and competitions to meet the needs of our children. Children have equal opportunities to take part in a range of sports and physical activities within a supportive environment where effort as well as success is recognised. Children are encouraged to participate in exercise throughout the day during PE lessons, clubs, outdoor learning, lunch provision and special events.

Impact

Our PE curriculum is carefully planned to ensure progression for every child. It is a fun and engaging curriculum that provides children with the foundations and knowledge for becoming physically active individuals who makes healthy lifestyle choices. Our engagement with community path links, ensures that all children are able to progress their skills and develop a love for sport. By giving children these hands-on experiences, as well as opportunities with the sports committee, we aim to empower and motivate children so they know they have the ability to develop healthy lives. The school's PE provision is recognised by the achievement of the nationally recognised 'School Games Mark', which the school currently holds at 'Platinum' level, one of only two schools in the local authority.
